MONS JULES ELIE

Peonies for Every Garden

"For the Glory of the Garden Glorifieth Everyone."—Kipling

When you order from this list you may feel absolutely safe against any unhappy result, because we have allowed nothing in it except the very choicest kinds.

You surely want Peonies, because no other flower approaches them for hardiness, freedom of bloom, fragrance, usefulness as cut-flowers, and immunity from attacks of insects and disease.

We have exceptional facilities, not only for testing them in our own good soil here, but also for making critical examinations of some of the finest collections grown, thus enabling us to select for our customers the kinds which leading specialists agree are without rivals. You may order freely and feel safe.

We are Members of the American Peony Society

Peony Culture

Peonies will grow anywhere—reasonably speaking. They thrive in partial shade, but best results are obtained when they are planted in deep, rich soil *about 2 inches below the surface* and have a sunny location. Plenty of water during the growing season is an added stimulus, and if liquid manure is applied at intervals of ten days, the grower will be amply repaid for his trouble in the increased size and coloring of the flowers. When placing manure around the plants, care should be taken not to put any on the stems, as this will sometimes cause the plants to cease blooming. September and October are the first choice of planting months.

Four Superior Peonies

MONS. JULES ELIE. Large and full; glossy pink. This is spoken of as the King of all Peonies. Blooms are very large and deliciously-fragrant. \$1 each, postpaid. (See front cover.)

COURONNE D'OR. White, with yellow reflection; red blotch on central petals. 50 cts. each, postpaid. (See cut.)

FELIX CROUSSE. An especially choice, brilliant red; vigorous grower, free bloomer and slightly fragrant. 75 cts. each, postpaid.

GRANDIFLORA. Bright shell-pink, overlaid with delicate lilac and salmon-pink. \$1 each, postpaid.

OFFER 2 The above 4, selected for all-round satisfaction, for \$2.75, postpaid.

Five Leading Peonies

Duchesse de Nemours. Guard petals white, center lemon-yellow, with greenish reflex; very prolific and when half open is most exquisitely chaste. 45 cts. each, postpaid.

Edulis Superba. Beautiful clear pink, with silvery reflex; very fragrant. *It blooms here in time for Memorial Day.* 45 cts. each, postpaid.

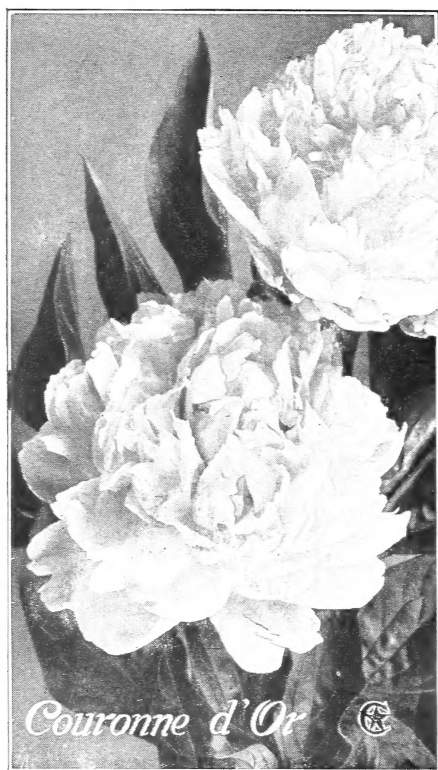

Mme. de Verneville. Immense bloomer; sulphur-white, with carmine-tipped central petals. 45c. each, postpaid.

Marie Lemoine. Immense flowers, often 8 to 10 inches across. Ivory-white, with occasional narrow carmine tracing on the edge of some petals. 45 cts. each, postpaid.

Festiva Maxima. For over fifty years this has been the standard of perfection in Peonies. The immense, perfectly double flowers are pure snow-white, with a beautiful flake of carmine in the center. 50 cts. each, postpaid.

OFFER 2a Above 5 excellent kinds, all different, delivered for \$1.75.

OFFER 2b 9 Peonies, including 1 each of all above, delivered for \$3.75.

THE CONARD & JONES CO.:

I bought some Peonies from you last September which proved to be very satisfactory, although not set out until nearly the first of October, which would mean a month late in this climate. However, I had four nice blossoms off of the "Mons. Jules Elie," and I am in the market for about two dozen more Peonies this September.—W. D. U., Duluth, Minn.

Peony officinalis

These are the real old-fashioned Peonies of our grandmothers' days. They bloom earliest of all. The flowers are large, full double, and fragrant. Three varieties:

Alba mutabilis. Blush-white.

Rosea superba. Bright rose-pink.

Rubra (Atrorubens plena). Brilliant, glowing deep crimson.

25 cts. each, postpaid

NOTE.—If wanted for cut-flowers, Peonies should be cut while in bud, just as the color begins to show. They keep longer thus than if the flowers are allowed to open on the plant.

OFFER 2c The above 3 Peonies for 65 cts., postpaid.

American Country Life

Due to the automobile and other agencies, American country life is undergoing a great transformation. Lawns and flower-gardens about country and suburban homes—many of them formerly sequestered—are now the source of keen pleasure and delight, not only to their owners but quite as much to a constantly increasing number of passers-by.

So that in these days, self-respect and a sense of the fitness of things dictates that your lawn be well planted and well kept.

To help you to accomplish this is the purpose of this 36-page book.

The offers herein will speak for themselves. Each item, as indexed below, has been chosen with painstaking care, and grown to make good with you.

We are primarily, and always to be remembered as **THE ★ ROSE GROWERS**. Our Vice-President and grower, Antoine Wintzer, is recognized as the dean of American Rose-growers. It is because we are backed by a lifetime's experience as specialists that we can offer the quality and assortment which is only hinted at in these pages.

We prepay all delivery charges on all items offered postpaid. Large-sized plants are sent by express, collect, except that orders amounting to \$5 or more will be prepaid to any part of the U. S. A. If you wish us to prepay the charges on orders of less than \$5, not at "postpaid" prices, add 10 per cent to the amount of the order, if east of the Mississippi River, and 20 per cent if west of it.

TO WHOM IT MAY CONCERN: August 1, 1915

It affords us pleasure to testify to the high character and standing of The Conard & Jones Company. It is composed of practical, up-to-date nurserymen and Rose specialists. In our opinion, any statement they may make or any agreement into which they may enter can be absolutely relied upon.

SPECIALLY SELECTED FOR HOUSE CULTURE AND BEDDING

Every Hyacinth bulb we send out *has the blossom already formed inside it*. By regulating the culture (see directions with each order) you can have a beautiful display of bloom for Christmas or other special occasions, splendid for table, window or mantel decoration. Hyacinths remain beautiful a long time. Beds on the lawn in the early spring are exquisite. Plant now.

The figures, 1, 2, 3 and 4 after the name of the Hyacinth indicate the relative time of flowering—the 1's flower together and are the earliest; the 4's the latest.

Hyacinths in Separate Colors

Our Fine Selected Hyacinths in Separate Colors are good-size, well-matured bulbs, sold at low prices and specially recommended for **bedding** and also for **winter blooming** in the conservatory and window-garden, when the higher-priced kinds are not desired. They give excellent satisfaction.

We have given these Hyacinths a thorough trial in our proving beds year after year, and we find by experience that for outside planting the best results are obtained from the single varieties, as the spikes are always clothed with well-formed florets and are generally larger than the double varieties. As many of our customers prefer the double flowers, we offer first-class, well-matured bulbs of both kinds.

How to Grow Beautiful Hyacinths

In the Open Ground

Plant in the fall, 6 inches apart each way and 3 to 4 inches deep. Give them slight protection over winter, and in the spring, after the flowers are gone, the bulbs may be removed in time to set your summer-flowering plants.

In Pots or Window-Boxes

Plant the bulb in the pot so that its crown just shows, then set away in a cool, dark place for six weeks or two months for root-growth to develop. After this, bring gradually to the light, heat and air: give plenty of water.

In Glasses

Set the bulb so that the lower end merely touches the water. Put away in a cool, dark place till the roots nearly touch the bottom of the glass, then remove gradually to the light and keep the water cool always.

Early-Flowering Roman Hyacinths

ROMAN HYACINTHS are very easy to grow, need no special treatment, and are absolutely sure to bloom. They are very desirable for winter flowering in the house and begin to bloom very quickly. The delicious perfume and profusion of bloom have made these Hyacinths very popular. The bulbs are hardy and can be planted in the open ground if given slight protection.

Price, 5 cts. each, 12 cts. for 3, 45 cts. per doz., \$3 per 100, postpaid.

My Tulips and Hyacinths I got from you last fall are lovely now, in full bloom.—Miss C. M. H., Crittenden, Ky.

Single White Early. Early and profuse bloomer; very beautiful and sweet.

Single Blush-White. Rich creamy white, elegantly tinted with rosy blush.

Single Light Blue. A most charming color; early and profuse bloomer; very sweet.

Double Pink. Splendid new variety; beautiful, large flowers in handsome, well-filled spikes.

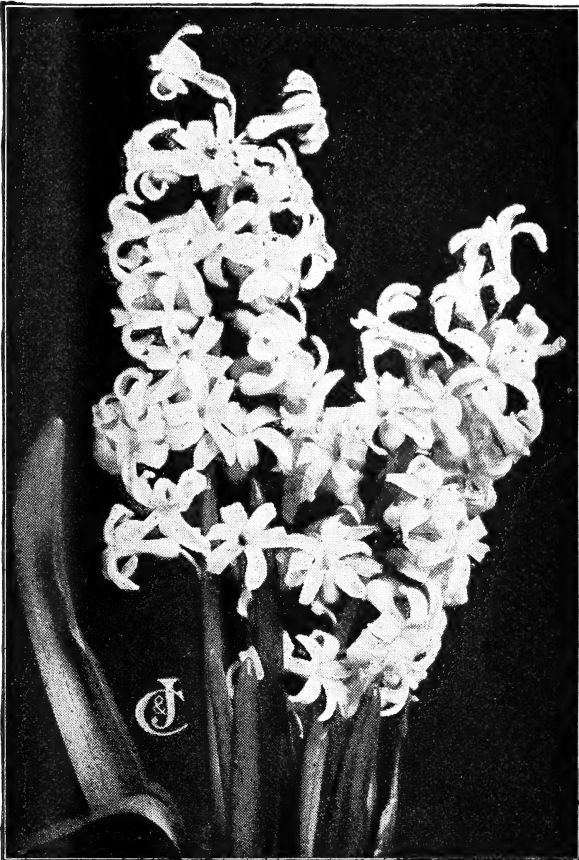

Single Canary-Yellow. New and very beautiful. Stock limited.

WHITE ITALIAN, or PARISIAN HYACINTHS. These produce larger flowers and are somewhat later than the Roman Hyacinths. Highly valued for forcing for cut-flowers. Abundant in bloom and delightfully sweet.

OFFER 7 Complete set of 5 named Roman Hyacinths, and 1 White Italian, offered above, 6 in all, only 30 cts., or 2 sets, 12 in all, for 50 cts., postpaid.

For three years I have grown the famous White Italian Hyacinth, and when in bloom my home is a dream of beauty and sweet fragrance. To me this is one of the most cherished of all flowers.

Mrs. J. C., Campbellsburg, Kentucky.

Giant White Narcissus Grows in water and pebbles, or in soil

THE TRUE PAPER-WHITE GRANDIFLORA, or Large-flowering Polyanthus Narcissus will produce great masses of snow-white, deliciously fragrant flowers a few weeks after planting. A succession of bloom can be obtained by planting at intervals until Christmas. Late in the season they bloom very quickly. (See cut.)

Splendid bulbs, 5 cts. each, 20 cts. for 6, 35 cts. for 12, \$2.50 per 100, postpaid.

THE CONARD & JONES Co.:

Your Narcissi are wonderful! I put three in a shallow pot two weeks ago yesterday, and today they are all in bloom,—open flowers! What could one desire more than that?—J. H. B., 601 W. 148th St., New York City.

Chinese Sacred Lily growing in pebbles and water

Narcissus, Soleil d'Or SUN OF GOLD

Same as above except in color. Rich yellow flowers, with deep reddish cups. This will not bloom so quickly as the white. 5 cts. each, 25 cts. for 6, 45 cts. for 12, \$3.50 per 100, postpaid.

These are about the most easily grown, continuous and abundant blooming bulbs you can get.

True Chinese Sacred Lily

THE WATER FAIRY, OR "SHIN SIN FAR"—CHINESE "JOSS FLOWER"

The genuine Chinese Sacred Lilies, grown for us in China. Each bulb sends up several flower-stems bearing great clusters of deliciously fragrant, pure white, wax-like blossoms with golden yellow centers. They are usually grown in a bowl of water with pebbles to hold the bulbs in place. Start by setting bulbs, when planted, in a dark place for two or three weeks. By planting at intervals you can have a succession of bloom all winter.

C. & J. Crocus are the Improved Strains, noted for large flowers and brightest colors. They are entirely hardy, and like a rich, dry soil and sunny location. They are suitable for planting in beds and borders, also for edging in ribbon lines of any desired color; for planting in the grass in lawn or yard. Crocuses are also very highly valued for house culture.

*"Plant your Snowdrops in September;
Scilla, Snowflake, Crocus too;
If you wait until November
These won't wake so soon for you."*

Plant the Crocus 2½ inches deep, in the autumn. They look especially well scattered over the lawn as in this picture

What Flower Can Compare with the Stately Lily?

The True Bermuda Easter Lily (*Lilium Harrisii*)

Bermuda Easter Lily

This is one of the grandest and most beautiful Lilies ever seen, and the best of all for winter flowering in pots; it grows easily and is sure to bloom. The flowers are pure snow-white, very large and fragrant, and borne in splendid clusters, six or eight at a time. Vast numbers of these splendid Lilies are grown for church and house decorations every year. Plant in a pot or box which is at least 6 inches deep and well drained; good, turfy soil with a little old, well-rotted manure is best; the bulb should be covered about 1 inch deep; firm the earth well around it, water thoroughly and set away in a cool place three weeks or more till the roots begin to start, then bring to the light—the window of an ordinary living-room is about right. They require moderate heat, with plenty of sunshine and water, and should bloom about three months from time of planting. We offer 3 sizes. Ready in August.

The Madonna Lily

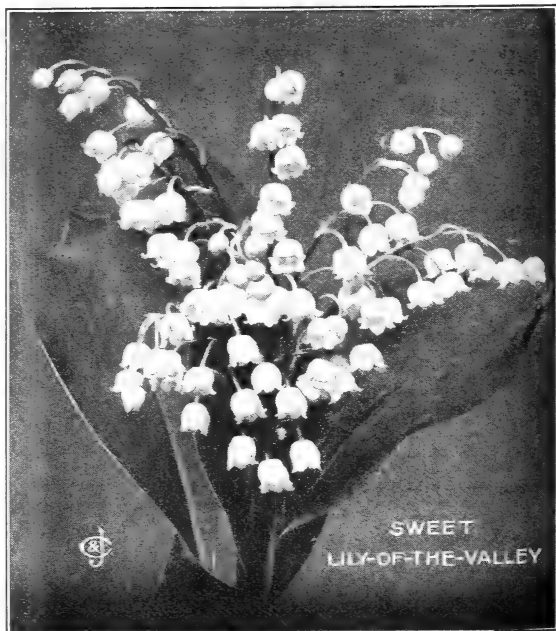

(*Lilium candidum*) See cut, page 17

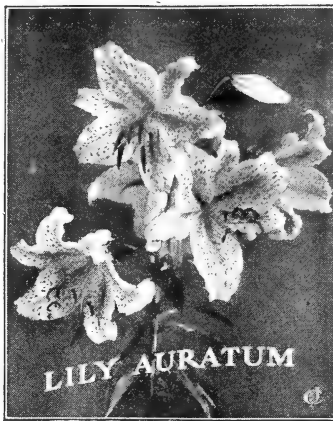

Also known to many as the Annunciation Lily. It is most popular for garden planting on account of its deliciously fragrant, pure white, perfectly formed flowers, which come on strong, upright stems. To succeed with it the bulbs should be planted early in the autumn to enable them to become established before frost. Dust the bulbs lightly with powdered sulphur, and do not cover with more than 2 inches of soil. 15 cts. each, 3 for 40 cts., 12 for \$1.50, postpaid.

Lily-of-the-Valley

READY IN NOVEMBER, ORDER NOW

Its deliciously fragrant sprays of pure white, bell-shaped flowers, that hang in great profusion from slender stems, are most suitable for cutting, and, as it lends itself to winter forcing, it is grown in great quantities for the holiday trade. It is perfectly hardy, does not object to shade, and when colonized in large patches in partially shaded places it will increase and care for itself for years. Strong, flowering roots, 3 for 15 cts., 12 for 50 cts.; 1 bundle, 25 roots, 75 cts.; 100 roots for \$2, delivered free in U. S. A.

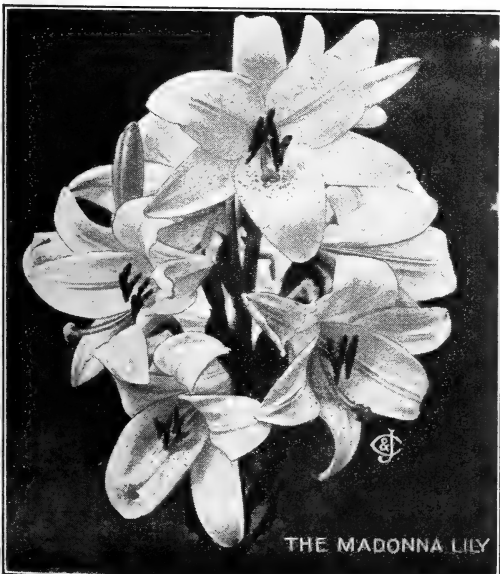

SIZES VERY MUCH REDUCED

The Best Hardy Lilies

These beautiful Lilies are quite hardy. Plant them 4 to 5 inches deep, and give them a light covering of leaves or litter before the ground is deeply frozen. They should be left to grow on from year to year.

Most Lily bulbs, being of late maturity, are not ready before October and November—the best time to plant them. Prepare your ground early and cover to prevent freezing until bulbs arrive. **Order now.**

The Two Best Hedge Plants

Japan Barberry (*Berberis Thunbergii*)

On account of its extreme hardiness, the Japan Barberry is now considered the ideal hedge plant for northern climates. It makes a most graceful hedge, as shown below, if allowed to grow unchecked, but it can be grown in formal shape if desired, by trimming in the spring or fall. Set 12 inches apart.

2 ft. to 3 ft.....	3 00	25 00	

California Privet (*Ligustrum ovalifolium*)

A remarkably vigorous grower, with glossy, wax-like foliage, a beautiful shade of green. It thrives in all kinds of soils and situations, in sun or shade, around railroads or smoky factories, and for sea-shore planting it is one of the best hedges you can get. Plant about 6 inches apart to make a compact hedge.

 Cold Climate

The True Japan Barberry (*Berberis Thunbergii*) Grown Without Trimming

What is more gracefully beautiful in summer than the arching, thick-foliaged branches of the Barberry, or as cheery with bright berries in winter? Surely it is the ideal shrub for hedges, border group, or boundary planting. Every plant we send out has been grown from cuttings made by ourselves, from genuine Japan-grown stock, therefore a hedge of uniform growth can be obtained from our True Japan Barberry.

The beautiful *Forsythia viridissima* (Golden Bells) blooms very early in the spring

HARDY ORNAMENTAL SHRUBS, continued

The Choicest Spireas

Spiraea Van Houttei. Grows about 5 to 6 feet high, or even more than this in favorable locations, and blooms in May and June. It is one of the most beautiful of all; immense bloomer, pure snow-white flowers borne in elegant, plume-shaped clusters all over the plant, as shown in the illustration.

Red Spiraea, Anthony Waterer, Perpetual blooming. A fine, hardy, shrub, particularly desirable for the doorway and lawn; makes nice, shapely bushes 2 to 3 feet high; begins to bear its large flat clusters of rich rosy red flowers almost as soon as planted, and continues blooming at short intervals all through the summer and fall.

Spiraea prunifolia (Bridal Wreath). Flowers white and double like little roses, borne in great profusion the whole length of the branches; blooms early in spring, and is always greatly admired.

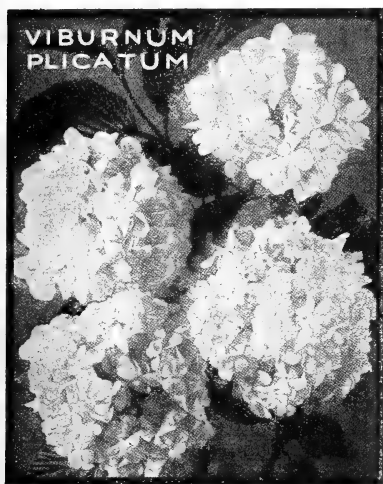

Spiraea Reevesiana. Blooms late in May. Beautiful clusters of white flowers which completely cover the branches and

cause them to bend gracefully.

We prepay delivery charges on orders for \$5 worth and over; on orders under \$5, for 2-yr. and larger-size plants, add 10 per cent if east of the Mississippi River and 20 per cent if west, and we will prepay delivery.

May 11, 1914.

I wish to tell you the Roses received on Monday came in perfect condition. No other house sends out such Roses for they are packed so carefully, and with fine roots and all that can be desired.

Mrs. M. A. L., Burkeville, Va.

JONKHEER J. L. MOCK. Winner of Gold Medals, Special Awards and Golden Opinions. Winner of the Grand Prize—Highest Award—at the International Rose Show held at Paris. The color is carmine on the outside which contrasts beautifully with the lovely imperial pink of the inside of the flower, and the exquisite blooms are produced freely on stiff, erect stems. The flowers are large, perfectly formed and highly perfumed. 20c., ppd.

WELLESLEY. A splendid, free-blooming Rose, with flowers of clear rose-pink on the upper part of the petals and reverse a silvery rose. 20 cts., postpaid.

MME. F. KRUGER. Deeply shaded coppery yellow flowers which bloom constantly. Especially suited for bedding or massing. 20 cts., postpaid.

BLUMENSCHMIDT. Pure citron-yellow, outer petals edged rose. A fine yellow for indoor bloom. 20 cts. postpaid.

MME. EUGENE MARLITT. One of the most fragrant vigorous-growing, abundant-blooming Roses we know. Color is rich carmine-red, and the flowers are large, full and double. 20 cts., postpaid.

WHITE MAMAN COCHET. A splendid Rose; has all the good qualities of Pink Maman Cochet, but is *pure snow-white*, with outside petals sometimes tipped pink; large, fragrant and productive. 20 cts., postpaid.

PINK MAMAN COCHET. The flowers are of enormous size, very full and of great depth and substance. Color, rich coral-pink, elegantly shaded with rosy crimson; has broad, thick, shell-like petals and makes superb, long-pointed buds; deliciously sweet. 20 cts., postpaid.

WM. R. SMITH. The flowers are large, full and double and most exquisitely formed. The petals are so firm they look like wax, softly curled, colored creamy pink with flesh-tint tips, buff-yellow base and center a heart of pink. This is a Rose we cannot praise too highly. 20 cts., postpaid.

ECARLATE. A new Rose, and one of the most prolific bloomers. Color is an intense, brilliant scarlet, the buds being exceptionally beautiful. 20 cts., postpaid.

SOUV. DE PIERRE NOTTING. Perfectly full and double; rich orange-yellow, dashed and bordered soft carmine-rose. Has received six Gold Medals and Grand Prizes. 20 cts., postpaid.

DUCHESS DE BRABANT. Clear pink, beautiful; free bloomer; excellent for indoor growing; a great favorite at the White House, Washington. 20 cts., postpaid.

MRS. B. R. CANT. This Rose produces masses of fully double, sweet-scented flowers all winter. Color is clear, bright rose-red, elegantly shaded. The flowers are borne singly on long, stiff stems. 20 cts., postpaid.

OFFER 30 Any 3 of above Roses for 50 cts., or the entire set, or any set of 12, for \$2, postpaid.

Roses Made Right for Fall Planting

Where the winters are not too severe, the fall planting of Roses continues to grow in popularity, especially with those who have tried our Field-grown Potted Stock. These plants we have thoroughly prepared for shipping and planting at any time from now till winter sets in.

Order as early as possible (today); plant promptly on arrival; let the roots get well established this fall. Before the ground freezes hard, mound up the soil 6 inches high, thus protecting each plant for the winter. In the spring remove the covering gradually when danger from frost is past,—then will come your surprise and pleasure. The new growth and abundant bloom will be far in excess of that from plants set out next spring, so, if you live in a mild climate, begin your next year's Rose-beds now, and begin with these specially prepared Roses.

Strong, 2-year field-grown Roses, now in pots

ALEXANDER HILL GRAY. Deep lemon-yellow which intensifies as the blooms develop. 2-yr. size, 50c., by express.

BESSIE BROWN. Pure white, flushed with pink. An exceptionally fine Rose and a winner of many medals. 2-yr. size, 40 cts., by express.

BIRDIE BLYE. A splendid Pillar Rose, grows 4 to 6 feet. Color, bright satiny rose; blooms continually. 2-yr. size, 35 cts., by express.

BON SILENE. Noted for the great size and beauty of its buds. Color is bright, rich, rosy crimson. 2-yr. size, 35 cts., by express.

DUCHESSE DE BRABANT. Clear pink; free bloomer; excellent bedder. 2-yr. size, 35 cts., by express.

GAINSBOROUGH. A magnificent variety, producing immense flowers of rosy flesh-color. 2-yr. size, 50 cts., by express.

GRUSS AN AACHEN. The *very* double flowers are 3 inches across, shading from delicate flesh-pink to salmon-pink in the center. Hardy, everblooming and fragrant. 2-yr. size, 50 cts., by express.

FRANCIS SCOTT KEY. Abundant, rich crimson-red flowers. Awarded Silver Medal by the American Rose Society. 2-yr. size, 50 cts., by express.

ECARLATE. Dazzling scarlet; hardy and free-flowing. 2-yr. size, 40 cts., by express.

Hardy Climbing Roses for Fall Planting

You can cover any reasonable-sized trellis in two years if you use our vigorous, well-rooted, 2-year or 3-year-size Roses to start with and plant now.

American Pillar. Introduced by the Conard & Jones Company.

The grandest single, hardy Climbing Rose known. In wealth of bloom it stands unequaled, producing, as it does, immense masses of radiant pink blossoms. The foliage is superb at all times, and canes grow 20 feet in one season. This Rose is enthusiastically praised by all who see it. Hardy everywhere. 2-year size, 50 cts.; 3-year, \$1 and \$1.50, by express.

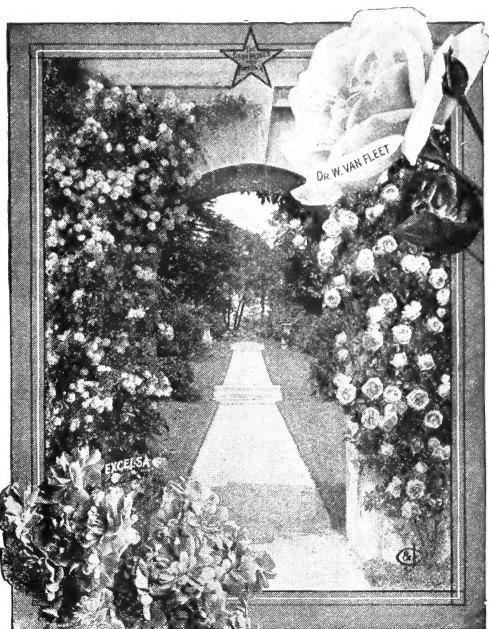

Dr. W. Van Fleet. A well-established plant will produce hundreds of long-stemmed blooms for cutting. Color is soft flesh-pink. The foliage is attractive, glossy and insect-proof. 2-yr. size, 50 cts. Fine 5-yr.-size plants, \$2.50, by express.

Gentlemen:—The wonderful Climber, Dr. W. Van Fleet, purchased four years ago, was crowned with such a wealth of beautiful buds and Roses that to say it has created a sensation in this neighborhood is putting it mildly, and I feel like saying that your description of this Rose is exceedingly modest, to say the least. Your Roses have given us wonderful satisfaction, and I have thought it may be some satisfaction also to you to know it. Very truly yours,
—M. B. M., Mount Joy, Pa., July 1, 1914.

Excelsa. The Red Dorothy Perkins. A distinct variety in form, color and habit.

The color is an intense crimson-maroon, with tips of the petals tinged scarlet. Flowers are large and double, produced thirty to forty on a stem, and almost every eye on a shoot produces a cluster of bright blossoms. (See cut.) 2-year size, 40 cts.; extra-size, 75 cts., by express.

OFFER 33 2 Roses—Dr. W. Van Fleet and Excelsa, as shown in the illustration, 2-year field plants, 75 cts.; 3-year field plants, \$1.25, by express.

Christine Wright. New. Bright, clear wild-rose-pink flowers, 3 to 4 inches in diameter; double, borne singly and in clusters; beautiful in bud and lasts for days. 2-yr. size, 60 cts., by exp.

GIANT DARWIN TULIP Pride of Haarlem

(ILLUSTRATED IN NATURAL COLOR ON BACK COVER)

This magnificent Tulip is well named, for in color, form and stately habit it is still unsurpassed. The color is an attractive, brilliant rosy carmine, with blue base to the petals, and is very effective when the flowers are grown together in quantity. The blooms are large, of good substance and sweet-scented, and as they are produced on stems 25 inches in length, they are especially valuable for cutting for indoor decoration.

Price, 10 cts. each, 3 for 25 cts., 12 for 85 cts., 100 for \$6, postpaid

Requisites for Indoor Flowers

LENOX PLANT SPRAYER

Useful for spraying under the leaves; handy and effective. Almost indispensable for house plants. Complete, with a sample cake of Sulpho-Tobacco Soap, 50 cts., ppd.

BON ARBOR

The Great Plant-Food

(Recommended by Successful Gardeners)

Results from only one or two applications are beyond description. It will make plants bloom that have never flowered before. Plants almost starved will become vigorous and thrifty by using Bon Arbor. Invaluable for pot-plants in winter. ½lb., makes 15 gals., 30c.; 1 lb., makes 30 gals., 55c., postpaid

THOMPSON'S ROSE NICOTINE

Is chemically pure nicotine, and quick death to insects on roses, plants, pets, or wherever found. Small can, 30 cts.; larger size, 60 cts., postpaid.

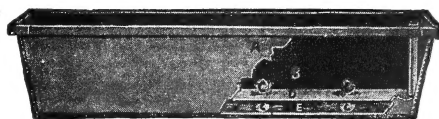

Illinois Self-Watering Flower-Boxes

TRY THEM THIS WINTER FOR YOUR WINDOWS—GUARANTEED NOT TO LEAK

I want to just say a word of praise for the Self-Watering Boxes purchased last fall. My windows this winter were beautiful,—never before was I so successful with vines and ferns. We are delighted with the boxes.—Mrs. J. H. STONER, 343 Clayton Ave., Waynesboro, Pa.

Inclosed find order for \$6.50, for which please send me two of the 37-inch Porch Boxes as shown in your 1914 catalogue. I purchased two of these last year, and want two more of the same—self-watering.—Mrs. C. W. EADER, Shelby, Mich.

The boxes are made of heavy galvanized iron, which is painted an attractive green, and are provided with a self-watering device which renders attention unnecessary, except at intervals of from ten to twenty days. Through the tube in the corner water is poured into the reservoir (e) underneath the false bottom (d) which supports the soil (b).

Patented Jan. 29, 1907, June 22, 1909

that plants treated this way thrive much better, blooms will be larger and foliage heavier, than in ordinary surface-watered boxes.

Sponges (cc) touch the extreme bottom of box and extend upward into the soil in which the flowers are planted, thus supplying water by sub-irrigation.

Customers living west of the Mississippi River who wish these boxes delivered free will kindly add 30 per cent on orders amounting to less than \$5, or 20 per cent on orders amounting to \$5 or more. To all others in the United States we prepay express charges on orders amounting to \$5 or more, when cash accompanies order.

These Baskets can be set on a table or pedestal

The Hanging-Baskets and Window-Boxes you sent me last year turned out splendidly. I am sending you an order to fill them this year. I have persuaded a Mr. M. to order some.—Col. R. S., Southport, N. C.

I can heartily recommend the Self-watering Boxes. Our sun-parlor was beautiful with plants all winter. It is the first time we ever had geraniums to bloom in January.—Miss McD., Roselle, New Jersey.
